School of Health Professions, Behavioral and Life Sciences

Some of the world's most dynamic and highly in-demand career opportunities can be found in the health and science fields. NYIT's School of Health Professions, Behavioral and Life Sciences offers undergraduate and graduate degree programs that will prepare you to excel in these challenging yet rewarding occupations. Professional faculty, a technology-based curriculum and possibilities for hands-on research and internships will give you a comprehensive education and a competitive edge.

*Supporting education and
research for a healthier world*

Upcoming Public Lecture:

March 30 , 2007
at 9am - 12:30pm

School of Health Professions, Behavioral, and Life Sciences
at the New York Institute of Technology
invite you to:

Body Space Medicine is the healing modality developed by Dr. Guo during his 50 years of clinical practice using his medical intuitive abilities and Divine guidance. Dr. Guo is a Doctor of Traditional Chinese Medicine and the founder and director of the Zhengding Health Care Center in China. He was honored as "Most Exceptional Practitioner" by the Grand System of World Traditional Medicine in Beijing, and credited with assisting to contain the SARS epidemic and creating new treatments for cancer.

ZHI CHEN GUO, M.D.

Renowned Doctor of Traditional Chinese Medicine (China), integrating ancient wisdom with innovative theories to make significant contributions to the treatment of cancer, heart and circulatory system diseases and diabetes; Founder and Director of Founder and Director of Zheng Ding Health Care Center, where more than 10,000 patients have visited the clinic each day for treatment; (This work was spotlighted in the PBS documentary, Qigong: Ancient Chinese Healing for the 21st Century.); Honored as "Most Exceptional Practitioner" by the Grand System of World Traditional Medicine in Beijing; Credited with containing the spread of the SARS disease, with his special herbal prescription; created innovations in Qigong and medicine including Dong Yi Gong, Zhi Neng Medicine and Body Space Medicine.

ZHI GANG SHA, M.D.

Extraordinary healer, advanced spiritual master and inspired teacher; MD in China, Doctor of Traditional Chinese Medicine in China and Canada, Founder of the Institute of Soul Mind Body Medicine; New York Times best-selling author of Soul Mind Body Medicine: A Complete Soul Healing System for Optimum Health and Vitality; Grandmaster of Tai Chi, Qigong, I Ching and Feng Shui; and Western teacher of Body Space Medicine, which helped contain the SARS epidemic in China.

PETER HUDOBA, M.D.

Canadian Surgeon and Director of Sha Research Institute. A former Associate Professor of Neurosurgery, Hudoba is now in private practice in spine management. He has devoted thirty years to research activity in neurosurgery, neurology and, currently, the applications of spirituality in medicine.
