## 1. What we need

Sha Research Foundation is a Controller of the personal data you (data subject) provide us. We collect the following types of personal data from you:

- Name
- Email
- Phone
- Address
- Medical history data (including name of doctors)
- Spiritual belief and practice
- Acts of service to humanity (including services to family, friends and strangers)
- Personal situation after 6 months of practice (including financial, family, relationship, job)
- Medical reports, tests, lab reports as related to illness we study
- Overall well-being after 6 months of practice (using research Questionnaires)

## 2. Why we need it

We need your personal data in order to:

- Study the effects of the soul, Tao, and Tao Science on the human body and other life forms
- Validate the theories of Tao Science through research.
- Assist in showing new methods of alternative spiritual healing modalities to humanity that could consist them in their self-healing and enlightenment journeys.
- To transform the consciousness of humanity and help science and medical treatments to study and incorporate the power of soul and Tao into their work and service.

## 3. How long we keep it

Any personal data held by us for research purposes will be kept until such time that you notify us that you no longer wish to receive this information.

## 4. What are your rights?

Should you believe that any personal data we hold on you is incorrect or incomplete, you have the ability to request to see this information, rectify it or have it deleted. Please contact us at [info@sharesearchfoundation.org](mailto:info@sharesearchfoundation.org) to obtain a **Data Subject Access Request Form** and submit your request.

In the event that you wish to complain about how we have handled your personal data, please contact us or in writing and we will then look into your complaint and work with you to resolve the matter.

## **5. How we store your personal data?**

All our personal and medical data are stored on external hard drives that are not connected to internet. There are no personal or medical data of any sort stored on our website, there we store only your answers in questionnaires in form of numbers and you are identified only by a code, not by a name. The list of codes is stored outside of the website. The website has a special security system, but even in highly unlikely event of breach, nobody could attribute the answers in questionnaires to any name.
